

Subject Index to Volume 208 (July-December 1988)

A

- Abdomen
 - blunt trauma of, hematuria in, 682
 - gunshot wounds in, 362
- Acid exposure of duodenal bulb, effects of, 702
- Acivicin, insulin with, and tumor growth in parenteral nutrition, 524
- Adenomas
 - colorectal, laser photoablation of, 725
 - of liver
 - associated with oral contraceptive use, 190
 - treatment of, 558
- American Surgical Association, presidential address, 247
- Amino acids, administration in sepsis, 714
- Anastomosis
 - femoral
 - false aneurysms in (*Letters*), 670
 - recurrent aneurysms in, 401
 - ileal pouch-anal, and assessment of anorectal angle, 42
- Aneurysm
 - aortic
 - abdominal, and cardiac risk in surgery, 738
 - atherosclerotic, spontaneous aortic dissection with, 619
 - dissecting, 254
 - femoral anastomotic
 - false (*Letters*), 670
 - recurrent, 401
- Animal studies
 - acute lung injury in pancreatitis, 71
 - agents affecting myointimal proliferation in canine veno-arterial allografts, 746
 - antibiotics in hemorrhagic shock, 451
 - lung fluid balance after smoke inhalation, 56
 - myocardial contractility during sepsis, 110
 - oxygen affecting resistance to infection, 783
 - prostacyclin analog in ischemic acute renal failure, 65
- Anorectal angle assessment, 42
- Antibiotics
 - in hemorrhagic shock, 451
 - and cefoxitin kinetics during colorectal surgery, 162
- Aorta
 - abdominal aneurysm, and cardiac risk in surgery, 738
 - dissection
 - acute, with atherosclerotic aneurysm, 619
 - results of surgery in, 254
 - thrombosis in infants, 743
 - traumatic rupture of, cardiac contusion with, 615
- Aortobifemoral bypass with two different graft types, 625
- Aortofemoral bypass, and recurrent femoral anastomotic aneurysms, 401
- Arginine, immune and metabolic effects of, 512
- Ascites fluid pressure manipulation in cirrhosis, 504
- Aspirin, and myointimal proliferation in canine veno-arterial allografts, 746
- Atherosclerosis
 - and agents affecting myointimal proliferation in canine veno-arterial allografts, 746
 - aortic aneurysm in, with spontaneous aortic dissection, 619

B

- Back injuries, penetrating, management of (*Letters*), 669
- Biliary reflux, enterogastric, postoperative, 597
- Blood
 - hemodilution affecting complement activation in cardiopulmonary bypass, 95
 - transfusions of
 - and postoperative cancer recurrence, 679
 - preoperative, in elective cholecystectomy in children with sickle hemoglobinopathies, 17
- Bombings, terrorist, review of experience with, 569
- Book reviews, 118, 241, 662, 795
- Breast
 - mastectomy with reduced hospitalization, 330
 - nonpalpable lesions at biopsy, 203
- Burns
 - artificial dermis in, 313
 - cell-mediated immunity in, 768
 - in children
 - prompt eschar excision in, 577
 - propranolol in, and ventricular work, 484

C

- Cachexia in cancer, 1
 - and acivicin and insulin with parenteral nutrition, 524
 - excretion of cortisol and catecholamines in, 645
- Calculi. *See* Gallstones
- Cancer. *See* Tumors
- Cardiopulmonary bypass, complement activation in, 95
- Carotid artery disease
 - evaluation with duplex scanning, 91
 - extracranial, and central retinal artery occlusion, 85
- Catecholamine excretion in cancer cachexia, 645
- Catheter infections, 651
- Cefoxitin kinetics during colorectal surgery, 162
- Chest wall, Poland's anomaly of, 776
- Cholecystectomy, elective, in children with sickle hemoglobinopathies, 17
- Cirrhosis
 - and distal splenorenal shunt compared to portacaval shunt, 104
 - manipulation of ascitic fluid pressure in, 504
- Clinical results, and trauma care, impact of helicopters on, 673
- Coagulation testing, preoperative, efficacy of, 554
- Colitis, ulcerative, and cancer risk, 721
- Colon as esophageal substitute, 460
- Colorectal adenomas, laser photoablation of, 725
- Complement activation during cardiopulmonary bypass, 95
- Contraceptives, oral, hepatic adenomas associated with, 190
- Coronary artery disease, and cardiac risk in abdominal aortic aneurysm surgery, 738
- Cortisol excretion in cancer cachexia, 645
- Critical care medicine, future of (*Letters*), 666
- Cystoprostatectomy, radical, and sexual function preservation, 391

D

- Dermatofibrosarcoma protuberans, Mohs surgery in (*Letters*), 669
- Dextran, and prevention of postoperative venous thromboembolism, 227
- Dipyridamole, and myointimal proliferation in canine venoarterial allografts, 746
- Duodenal bulb acid exposure, effects of, 702
- Duplications of alimentary tract, 184

E

- Elastic stockings, and prevention of postoperative venous thromboembolism, 227
- Endoscopy
 - Lugol's solution in, for detection of esophageal cancer, 179
 - in sclerotherapy for esophageal varices, rigid vs. fiberoptic endoscope in, 175
- Endothelial cells
 - function in vein grafts, 631
 - postoperative production of prostacyclin, 78
- Enterogastric biliary reflux, postoperative, 597
- Epidermal growth factor, and incisional healing, 788
- Epinephrine excretion in cancer cachexia, 645
- Esophagogastrectomy, limited, in cancer of cardia, 354
- Esophagus
 - cancer of
 - detection with Lugol-combined endoscopy, 179
 - transthoracic resection in pulmonary dysfunction, 601
 - colon as substitute for, 460
 - varices of. *See* Varices, esophageal
- Eye, central retinal artery occlusion with extracranial carotid artery disease, 85

F

- Fee schedule, access-oriented (*Letters*), 667
- Femoral anastomotic aneurysms
 - false (*Letters*), 670
 - recurrent, 401
- Fluid administration, and lung fluid balance after smoke inhalation, 56

G

- Gallstones
 - and elective cholecystectomy in children with sickle hemoglobinopathies, 17
 - interdisciplinary approach to, 274
 - shock-wave lithotripsy in, 274
 - in complex stone disease, 586
- Gastrinoma, lymph node involvement in, 291
- Gastrointestinal tract
 - ambulatory dual gastroduodenal pH monitoring, 702
 - anorectal angle assessment, 42
 - cefotaxime kinetics in colorectal surgery, 162
 - colon as esophageal substitute, 460
 - duplications in, 184
 - gastric cancer in young adults, 593
 - ileal reservoir construction, 50
 - intestinal flora affecting Kupffer cell responses, 532
 - intraoperative hyperthermic perfusion in gastric cancer, 36

- laser photoablation of colorectal adenomas, 725
- limited esophagogastrectomy in cancer of cardia, 354
- Ménétrier's disease, 688
- postoperative enterogastric biliary reflux levels, 597
- postoperative gastroparesis syndrome, 345
- proximal gastric vagotomy in duodenal ulcers, 169
- rectal adenocarcinoma, 379
- volvulus of small intestine, 565
- Gastroparesis syndrome, postoperative, completion gastrectomy in, 345
- Goiter, multinodular, total thyroidectomy in (*Letters*), 244
- Growth hormone in parenteral nutrition
 - anabolic effects of, 6
 - and protein synthesis, 136
- Gunshot wounds, abdominal, 362

H

Heart

- cardiopulmonary bypass, complement activation in, 95
- contusion in traumatic aortic rupture, 615
- myocardial contractility during sepsis, 110
- transplantation of
 - in early infancy, 279
 - and experience with OKT3 monoclonal antibody, 287
 - successful program for (*Letters*), 245
 - ventricular work in burned children after propranolol, 484
- Helicopters, impact of, on trauma care and clinical results, 673
- Hematuria in blunt abdominal trauma, 682
- Hemodilution, and complement activation in cardiopulmonary bypass, 95
- Henley jejunal interposition, and enterogastric biliary reflux levels, 597
- Heparin
 - and complement activation in cardiopulmonary bypass, 95
 - and prevention of postoperative venous thromboembolism, 227
- Hernia, inguinal, recurrence management with preperitoneal mesh, 733
- Hypertension, portal
 - and distal splenorenal shunt compared to portacaval shunt, 104
 - and manipulation of ascitic fluid pressure, 504
- Hyperthermic perfusion, intraoperative, with resection in gastric cancer, 36
- Hypothermia, and complement activation in cardiopulmonary bypass, 95

I

- Ileal pouch-anal anastomosis, and assessment of anorectal angle, 42
- Ileal reservoir construction after endorectal ileal pull-through, 50
- Immune function
 - arginine affecting, 512
 - and lymphocyte responses in burn patients, 768
- Immunopathology in airway disease after cardiopulmonary transplantation, 371
- Immunosuppression, and OKT3 monoclonal antibody use in cardiac transplantation, 287
- Immunotherapies for cancer, interleukin-2 in, 121

Impotence prevention in radical pelvic surgery, 391
 Incisional healing after growth factor applications, 788
 Infection

and amino acid administration in sepsis, 714
 and antibiotics in hemorrhagic shock, 451
 catheter-related, 651
 and cefoxitin kinetics during colorectal surgery, 162
 myocardial contractility during sepsis, 110
 resistance affected by oxygen, 783

Inguinal hernia recurrence, management with preperitoneal mesh, 733

Insulin, acivicin with, and tumor growth in parenteral nutrition, 524

Interleukin-2

in cancer immunotherapies, 121
 metabolic effects of, 493

Intestines. *See* Gastrointestinal tract

Ischemia of limbs

lung injury in, 761
 and mediation of microvascular permeability, 749

K

Kidney

chronic failure of, and surgery for secondary hyperparathyroidism, 639
 ischemic injury of, prostacyclin analog in, 65
 pancreas-kidney transplantation, 475

Kupffer cell responses to intestinal flora changes, 532

L

Laser photoablation of colorectal adenomas, 725

Letters to the editor, 244, 666

Leukocytes

and ischemia-induced lung injury, 761
 and microvascular permeability in limb ischemia, 755
 Leukotrienes, and microvascular permeability in limb ischemia, 755

Lithiasis. *See* Gallstones

Lithotripsy, shock-wave, in gallstone disease, 274
 in complex stone disease, 586

Liver

adenomas of
 associated with oral contraceptive use, 190
 treatment of, 558
 ascitic fluid pressure manipulation in cirrhosis, 504
 cancer of, infusion chemotherapy and resection in, 23
 experience with 411 resections, 421
 hepatic encephalopathy after splenorenal or portacaval shunts, 104

Kupffer cell responses to intestinal flora changes, 532
 transplantation of
 preoperative evaluation and prognosis in, 196
 reduced-size grafts in children, 410

Lung

acute injury in pancreatitis, 71
 fluid balance after smoke inhalation, 56
 microvascular permeability in limb ischemia, 761
 postoperative pneumonia in protein depletion, 209
 transplantation of, airway disease after, 371

ventilation in transthoracic resection of esophageal cancer, 601

Lymph nodes

involvement in Zollinger-Ellison syndrome, 291
 resection in pancreatic cancer, 215

Lymphocyte responses in burn patients, 768

M

Mammography, nonpalpable breast lesions in, 203

Mastectomy, reduced hospitalization in, 330

Melanoma, thin, and risk of metastasis, 150

Ménétrier's disease, 688

Metabolism

and anabolic effects of growth hormone in parenteral nutrition, 6

arginine affecting, 512

in burned children, propranolol affecting, 484

interleukin-2 affecting, 493

Mohs surgery in dermatofibrosarcoma protuberans (*Letters*), 669

N

Neck cancer surgery, spinal accessory nerve plexus in, 654

Neutrophils

activation during cardiopulmonary bypass, 95
 function in trauma affected by parenteral nutrition, 221
 postoperative dysfunction detection, 78

Norepinephrine excretion in cancer cachexia, 645

Nutrition

amino acid administration in sepsis, 714

in cancer cachexia, 1

acivicin and insulin in, 524

and excretion of cortisol and catecholamines, 645

and effects of dietary arginine, 512

and postoperative pneumonia in protein repletion, 209

parenteral

and anabolic effects of growth hormone, 6

and growth hormone affecting protein synthesis, 136

and neutrophil function in trauma, 221

and protein synthesis in malnourished patients, 143

and tumor growth affected by insulin and acivicin, 524

O

Omega-3 fatty acids, and myointimal proliferation in canine venoarterial allografts, 746

Oxygen, and resistance to infection, 783

P

Pancreas

cancer of

in ampulla of Vater (*Letters*), 244

knowledge in 1988, 541

lymphatic clearance in, 215

transplantation with kidney, 475

Pancreatitis

acute lung injury in, 71

chronic, and effects of operative or nonoperative therapy, 321

Parathyroidectomy, total, with forearm autograft, 638

- Pelvic surgery, radical, and sexual function preservation, 391
- Peptic ulcer
 - ambulatory dual gastroduodenal pH monitoring in, 702
 - proximal gastric vagotomy in, 169
- Photoablation of colorectal adenomas, 719
- Pleuroperitoneal shunting for effusions, 443
- Pneumatic compression, intermittent, and prevention of postoperative venous thromboembolism, 227
- Pneumonia, postoperative, in protein depletion, 209
- Poland anomaly, 776
- Portacaval shunt, side-to-side, compared to distal splenorenal shunt, 104
- Presidential Address, 247
- Propranolol, and ventricular work in burned children, 484
- Prostacyclin
 - analog in ischemic acute renal failure, 65
 - postoperative production in endothelial cells, 78
- Prostatectomy, radical, and sexual function preservation, 391
- Protein
 - depletion of, and postoperative pneumonia, 209
 - synthesis of
 - affected by growth hormone in parenteral nutrition, 136
 - and amino acid administration in sepsis, 714
 - in malnourished patients, parenteral nutrition affecting, 143
- Pyloroplasty, and axonal tracing study of vagus nerve fibers, 708

R

- Radiotherapy, preoperative, in rectal cancer, 606
- Rectum
 - anorectal angle assessment, 42
 - cancer of, 379
 - preoperative radiotherapy in, 606
- Respiratory, distress syndrome, adult, and lung injury in pancreatitis, 71
- Retinal artery, central, occlusion with extracranial carotid artery disease, 85
- Roux-en-Y biliary diversion, and enterogastric biliary reflux levels, 597

S

- Saphenous vein arterialization *in situ*, for bypass grafts, 435
- Scintigraphic balloon topography in anorectal angle assessment, 42
- Sclerotherapy, endoscopic, in esophageal varices, rigid vs. fiberoptic endoscopes in, 175
- Sexual function after radical pelvic surgery, 391
- Shock, hemorrhagic, antibiotics in, 451
- Shoulder stabilization after neck cancer surgery, 654
- Sickle cell disease, and elective cholecystectomy in children, 17
- Skin, artificial, for burns, 313
- Smoke inhalation, lung fluid balance after, 56
- Spinal accessory nerve plexus in neck cancer surgery, 654
- Splenorenal shunt, distal, compared to portacaval shunt, 104
- Stomach
 - cancer of
 - in cardia, limited esophagogastric resection in, 354
 - intrapertitoneal hyperthermic perfusion in, with resection, 36
 - in young adults, 593
 - Ménétrier's disease, 688
 - postoperative enterogastric biliary reflux levels, 597

T

- Terrorist bombings, review of experience with, 569
- Thromboembolism, venous, prevention in surgical patients, 227
- Thrombosis, aortic, in infants, 743
- Thromboxane A₂
 - and microvascular permeability in limb ischemia, 755
 - postoperative production by neutrophils, 78
- Thyroidectomy, total, in multinodular goiter (*Letters*), 244
- Transforming growth factor-beta, and incisional healing, 788
- Transfusions
 - and postoperative cancer recurrence, 679
 - preoperative, in elective cholecystectomy in children with sickle hemoglobinopathies, 17
- Transplantation
 - cardiopulmonary, airway disease after, 371
 - of heart
 - in early infancy, 279
 - and experience with OKT3 monoclonal antibody, 287
 - successful program for (*Letters*), 245
 - of liver
 - preoperative evaluation and prognosis in, 196
 - reduced-size grafts in children, 410
 - pancreas-kidney, 475
- Trapezius muscle in neck cancer surgery, 654
- Trauma
 - abdominal gunshot wounds, 362
 - aortic rupture in, and cardiac contusion, 615
 - blunt abdominal, hematuria in, 688
 - care, and clinical results, impact of helicopters on, 673
 - and neutrophil function affected by parenteral nutrition, 221
 - penetrating injuries of back (*Letters*), 669
 - in terrorist bombings, 569
- Tumors. *See also specific anatomic sites of tumors*
 - and cancer cachexia, 1
 - acivicin and insulin in, with parenteral nutrition, 524
 - excretion of cortisol and catecholamines in, 645
 - cancer recurrence after perioperative blood transfusions, 679
 - immunotherapies with interleukin-2, 121
- Twins, conjoined, surgical experience with, 299

U

- Ulcers, peptic
 - ambulatory dual gastroduodenal pH monitoring in, 702
 - proximal gastric vagotomy in, 169
- Ultrasonography with duplex scan in carotid artery disease, 91
- Urinary diversion, continent internal reservoir in, 337
- Uterus, leiomyomas with hepatic adenomas after oral contraceptive use, 190

V

- Vagotomy, proximal gastric, in duodenal ulcer, 169
- Vagus nerve fibers, axonal tracing study of, in pyloroplasty, 708
- Varices, esophageal
 - and manipulation of ascitic fluid pressure, 504
 - and quality of life after distal splenorenal shunt, 104
 - rigid vs. fiberoptic endoscopic sclerotherapy in, 175
- Vasculature. *See also Aorta*
 - agents affecting myointimal proliferation in canine veno-arterial allografts, 746
 - aortobifemoral bypass with two different graft types, 625

central retinal artery occlusion with extracranial carotid artery
disease, 85
duplex scanning in carotid artery disease, 91
endothelial cell function in vein grafts, 631
femoral anastomotic aneurysms
false (*Letters*), 670
recurrent, 401
microvascular permeability in limb ischemia, 755
and lung injury, 761
postoperative production of prostacyclin by endothelial cells,
78
saphenous vein arterialization *in situ* for bypass grafts, 435

Vein grafts
endothelial cell function in, 631
and saphenous vein arterialization *in situ*, 435
Volvulus of small intestine, 565

W

Weight loss in cancer cachexia, 1

Z

Zollinger-Ellison syndrome, lymph node involvement in, 291
